## FROM THE BRIDGE of the USS HALSEY NCC-2686-A

By VADM Mary Bischoff

Greetings and welcome to July! Clan Bischoff, with the addition of Roseann Packer and Athena Coughlin, had a grand time touring Europe last month. We took an inordinate amount of selfies, walked our little tootsies off and gorged ourselves on wonderful food. To my surprise (and great pleasure), it turns out that wheat products in Italy and France don't cause any unfortunate effects in me. If only I'd known at the beginning, I'd have eaten a whole lot more cheese pastries! And cannelloni, doughnuts, etcetera!

Jamie and Justin had a perfectly wonderful wedding last month. What a pleasure to see these two wonderful people start their new lives together! And I got to see some of you at InConjunction as well. That's always a fun time. We still have several things going on this month, so I hope to see a lot more of you!

July 19<sup>th</sup> is the Starfleet Olympics. A bunch of us are camping out for three days, and I'm looking forward to a good time of food, cards and fun! We may not even swim this year, the weather is supposed to be on the cool side, but you never can tell.

Our own Dave Zauner will be presenting his "Sherlock Holmes and Forensic Science" talk at the Fishers Library (Five Municipal Drive,

Fishers, IN 46038) on Thursday, July 24, at 7 pm, so if you can, come on out and enjoy some 19<sup>th</sup> Century detective work!

This month's meeting is our semi-annual Bombfire at Mark and Gloria Milhous's. Once again, they risk life, limb and property damage by hosting our intrepid band. This takes place on Saturday, July 26 at 6 pm. There will be hot dog roasting, marshmallow toasting and plausible deniability of any (possibly) illegal fireworks! Also, we look at Jupiter and its moons, if it's clear! Bring your side dish or dessert and beverage, and come risk some burns... er, I mean enjoy the fun!

WAY WAY AWAY MISSION: DESTINATION EUROPE

Aboard the Good Ship Celebrity Reflection, Rome, Italy!

In front of Notre Dame, Paris, France

Atop the Tour Eiffel, Paris, France - it was a wee bit chilly (and windy!) all the way up there. You can definitely see that I'm vertically challenged here!
