Chicago Con part 2

By Joyce Stanfield

It was wonderful to finally meet Gary. I was looking for SFC members at the Con and

had to look twice before I recognized him. Gary is the king of Cosplay. He immerses himself so completely into his characters that one can't be sure if it's really Gary. Check him out as Dr. Who. No resemblance. Even his Steampunk Spock and Spock don't favor that much. Chicago was great even though no more of my Starfleet family seemed to be there. So looking forward to Starbase Indy. Hope to be with many of you and to reconnect with the four or five of you I met at the 2013 Chicago Con...where you signed me up.

This is me, Gary Barclay, as Steampunk Spock and I am with [Joyce Stanfield](#) at the 2014 Chicago Star Trek convention.
