COMMISSION CEREMONY

On February 7th a new Ship/Chapter was Commission in the Starbase 02 Region.

I was there to usher in this new Ship/Chapter the USS Henry Hudson into the Starfleet Command/Starbase 02 Family. It's under the command of Commander Lee Starshine.

Cmdr. Starshine has served Starfleet Command for at least 2 years and has recently moved into the Starbase 02 Region. She requested to startup a ship/chapter in the Starbase 02 Region. Her request was granted by Starfleet Command.

After the ceremony there was games and food (pizza and cake). All had a great time, including yours truly.
