<b>Commander's Comments /Recommendations</b>	<p>Bantucky Con 2021 is in the works along with UFO Mini-Con 2021 to be held in San Antonio at Area 51 Food Truck Park.</p> <p>Duality Reporting of Space Station Requiem: The Guilds of Requiem Board of Directors agreed that anyone who purchases a SFC Membership, will also have membership benefits of the Guilds of Requiem Network/Gamers Guild, as an added "bonus" for joining. Future COs of SSR will need to understand the duality of reporting to the two different organizations as Guilds of Requiem has been formally recognized by the State of Texas as a Non Profit Community Service Organization. The process for IRS recognition has begun and is anticipated to be completed by the end of 2021. This will not affect SSR's membership to SFC, or any other fanclub organization they belong to.</p>

	Personal note: I am scaling back personal involvement on many projects, due to increased health concerns. I will see the chapter to at minimum the five year mark before handing it over to anyone else.

<b>Commander's Comments /Recommendations</b>	<p>The ship is doing well. We had a Zoom meeting last month and will have another on the 11th of this month. We plan to continue this until we can get together again in person. I am inviting the commanding officer of the Starbase to join in on meetings.</p> <p>We talked about what people have been doing, what people wanted to do and keeping everyone interested in the group. I gave one of our newer members, Elizabeth, an assignment to find us a reasonable price on challenge coins. I am still waiting on her to get back to me.</p> <p>On the topic of crew, Taheka Gipson has moved to Alabama and still wants to be a member of the Terminus. I suggested she start her own chapter. One way for Starfleet Command to survive is to have more active chapters and I think she'll make a good commanding officer.</p> <p>On that note, also, Starbase 4 needs more active chapters. I would like to help new chapters get activated. I plan to recruit throughout the Starbase 4 region and beyond.</p> <p>On a personal note, I am still upset at how the higher ups deal with problems and situations. I defriended Admiral Ciccarone because I was unhappy with how she handled situations. I recently decided that was a bad idea. I realized that the only thing I can do is to change the way I deal with things, not the way others do. From now on, I will promote the group the best way I know how.</p> <p>From this point on, Starfleet Command will see more of the Terminus. And if Paul wants help with Starbase 4, I would be happy to help out.</p>

## STARBASE COMMANDER COMMENTS/RECOMMENDATIONS

I am still having issues with communication to the reaching the Commanding Officer of the USS Armstrong (Dayton, Oh) Captain Payne. Th ship is down to only one active member and since I am not able to communicate with him I recommend the ship be reduced to a Run-About. The USS Melbourne has now reached over six months without reporting a SPAR1 . The commanding officer has been notified several times and I have only received one very small email since I took over STARBASE 05. I have communicated with Admiral Scott since he is very familiar with this hip , to contact the C/O and inform her of her responsibilities and circumstances of not submitting the SPAR1 on time and every month

USS MOORE CO has sent three identical SPARs for the next three months. I feel he has given up and may need to consider stepping down. I will investigate this option.

Covid-19 has too many are afraid of infection of the virus that has swept on planet. World leaders bicker as to who is to blame. Most ships set idle, cautious, waiting for a vaccine or for the tides of the infection to die down, in the mean time we send our children into areas that could be considered a petri dish that could explode in our faces. Citizens question the validity of the virus not wanting to be controlled, they must not know or care for those who have died. Captain's log: I am recovering from knee surgery.
