Commander's Comments /Recommendations	Note to our new XO of SB04: A message of introduction when making the initial request into someone's Google Documents, then allowing sufficient time for them to respond, would have been helpful and less stressful than the multiple requests, in the middle of the night, of a major holiday. Our former Cyber Security Officer, established an alert system/app that was triggered in the middle of the night from multiple requests by an "unknown" entity. The app deemed it as an attempt to breach our data and sounded the alarm notification. Because Guilds of Requiem, Inc. is an international organization, we <i>must</i> abide by International Privacy Laws and have put appropriate measures in place to alert us to any attempts to gain access to the contents of our Google Drive which includes Google Docs, Sheets, and Slides. If spelling or grammar "corrections" are needed, please use the "Comment" feature to alert us to the requested changes, as we report to several entities and our SPAR Reporting is also documented with our primary organization of Guilds of Requiem, Inc.

Commander's Comments /Recommendations	<p>I'd like to commend Marilyn Teague for taking over the communications for the Terminus. I have known her for over 33 years. She has been a staple of Atlanta fandom for even longer. She knows fandom and how to navigate it and I consider it a coup to have her join up. I will encourage her to take the test as soon as possible.</p> <p>The rest of the crew is doing well and we are hopeful that this will be a less traumatic year than last. For three years the Terminus' Facebook page has been open only to members and prospects. At the beginning of February it will be going public.</p> <p>In other news former crewman Mascelia Delp has been appointed as first officer of Starbase 4. I feel she is well suited for this position. I feel she will perform her duties admirably and to the best of her ability. I strongly recommend that Starbase 4 makes a larger presence in the Fleet with a website and providing more information. With Mascelia aboard I am confident this will happen.</p>

STARBASE COMMANDER COMMENTS/RECOMMENDATIONS

First officer Lt Hopkins: 1. emailed crew member Jason LeCompte about his decision on ship (to be a runabout, stay with SB 5, etc.) and about his coworker who joined but membership check hasn't arrived; 2. called Carrie Hodge about becoming 1st Officer of SB 5 when transition occurs and she accepted; 3. Requested dues list several times to follow up with SB 5 personnel, none of whom responded; and 4. Sent email to ship commanders about following up with their crews about dues.

Note: Command Officer.

Lt. Hopkins will be taking over Command of Starbase 5 soon. She has recruited Specialist Carrie Hodges to become XO at that point. Specialist Hodges has requested OCS from Academy and will take Command Basics after OCS.

Still waiting on email from C/O Armstrong requesting ship be de-commissioned. Working on finding another person to start a ship in Dayton, Ohio

Covid-19 has too many are afraid of infection of the virus that has swept on planet. World leaders bicker as to who is to blame. Most ships set idle, cautious, waiting for a vaccine or for the tides of the infection to die down, in the mean time we send our children into areas that could be considered a petri dish that could explode in our faces. Citizens question the validity of the virus not wanting to be controlled, they must not know or care for those who have died. n/a n/a n/a n/a n/a n/a n/a
