SFC News

I wanted to announce that the position of Chief of Information Technology will be renamed the Chief of Fleet Communications. The email for that will be coc@sfcq1.com the reason for this change is to better reflect the duties that department does and will carry out. All communication that is intended to be carried out within Starfleet Command, will be handled within this department. Newsletter, website, List serves, this page..... For example, all future newsletter submissions, or changes to the website, should be sent to Adm Jackson at this email address.

The Chief of Public Affairs cpa@sfcq1.com will handle the job of getting word about Starfleet Command out to non-members, Any ideas of that nature, should be sent to Adm Sams at cpa@sfcq1.com

Thank you,

FC Williams
