Svengoolie

It's the shortest month of the year- that, early on, brings us

weather predictions from a groundhog (...what? Al Roker isn't good enough?), then proceeds to Valentine's Day (...what? "The Bachelor" isn't enough?) - Then a salute to Presidents' Day (...what? Vice Presidents' Day isn't good enough?) This month may be short on days, but it still has the usual full dosage of Sven features for you.
