## August's Meeting

August's Meeting 2017 was at Denny's. We had 9 crewmembers and 1 special guest in attendance. It was Caylee's Birthday. Mark passed his SFC tests. Mark was promoted to Ensign. Kenne also passed her SFC test. She was too sick to be at the meeting. So Leroy accepted the certificate for her. Our special guest was Tracy Canfield from the IKS pong Ha'lu' (KAG). Everyone had a wonderful time.

## Eagle Creek

The Halsey hosted a multi-ship lunch at Eagle Creek Park. 7 crewmembers of the USS Indianapolis and 1 of our meetup guest (Angel Bonesteel) showed up for this event.

## PC/Movie Meeting

Computer Meeting 08/2017 at Mike's home. We had a great time learning new things on the computer. We watched the movie "The Thing from another world" and "STTNG : The Pegasus". It was another good time for everyone.

## Crew Birthdays

No crew birthdays this month.

## Meetup Group

The ship's Meetup group has 150 members now.

## SFC News

It's that time of year again! Award presentation is just around the corner. Is there

someone you think deserving of an award? Possibly a crewmate for Junior or Senior Officer of the year? Is there a newsletter, website or a ship/unit that you think worthy of nomination?

Now is the time to make your voice heard. Simply email your nomination and a few words entailing the deeds of the nominee and why you think they should be considered, to any member of the Admiralty Board, or your Starbase Commander.

It's that simple to get someone considered for awards.

All nominations should be received by September 15.

### Space News

Three space travelers safely returned to Earth from the International Space Station today (Sept. 2) as their Soyuz MS-04 spacecraft touched down on the steppes of Kazakhstan, ending a record-shattering mission for one American crewmember.

NASA's record-breaking astronaut Peggy Whitson returned home on the Soyuz from an extended 288-day mission to the International Space Station (ISS). During her stay, she set a new record for the most cumulative time in space by an American with 665 days accrued. Her crewmates, NASA astronaut Jack Fischer and Russian cosmonaut Fyodor Yurchikhin both spent 136 days aboard the orbiting laboratory. Landing occurred at 9:21 p.m. EDT (0121 Sept. 3 GMT), though it was Sunday morning local time at the touchdown site.
